

## **Commands ex Montecatini Bay Colt**

### Trainer Report

I think Commands is an outstanding stallion for racehorse owners to get into so I have focused on ensuring I had some to offer clients. This colt is one I chose because he is athletic, has plenty of character about him, a good loose walk, and has the genetics to be anything.

He is the first foal out of the mare, which I like, and there are Gr1 winners on his pedigree page, giving him the scope to produce results for his owners. A real chance and that's why we secured him.
