

Galileo ex Tiffin Chestnut Colt

Trainer Report

One In A Million has a great turn of foot and a tremendous amount of ability. This colts pedigree has the ability to produce exciting gallopers which is what I look for.

A young well performed mare, who produces quality stock such as this colt by a quality stallion generally leads to racetrack success. Ive always wanted a strong Galileo colt for the stable and it has taken a while to find one, but this is the one we thought could step up as a weanling and the proof is in how he has turned out.

He could be the cheapest, quality colt we have secured given how the sire sold this season.
